

SPECIAL INVITATION

Sponsor a Badge: Support Technology for the Public Interest with a focus on Diversity, Equity & Inclusion

X4Impact is the leading online market intelligence platform for social innovation. We created this free-access platform to offer the insights and connections needed to support NGOs, social entrepreneurs, governments, and funders that are creating or taking to market Technology for the Public Interest.

Why we are using Badges? Nonprofit organizations seeking Tech solutions, Impact Investors and Catalytic Philanthropists want to be intentional on doing businesses with specific groups. Aspiring entrepreneurs and students also find inspiration in others like them.

Sponsor an existing Badge or the creation of a new one:

Used by Many

We welcome adding new badges to the collection to bring awareness and opportunity to more entrepreneurs of marginalized backgrounds, such as LGBTQ+ leaders, leaders of Asian Heritage, Veteran leaders, etc..

Identify Challenges, Ideas or Solutions with a custom badge to queue up pipeline for Hackathons or to highlight Challenges in line with your CSR objectives and solvers' criteria, such as being systemic, validated, and with viable long-term sustainability models.

How your funding helps?

We want X4Impact to continue to be a free resource for all. Funding ensures the visibility and ongoing curation of solutions from leaders of diverse backgrounds, tech companies that operate as nonprofits, organizations that adhere to Tech4PI principles, and that already are delivering positive impact to many.
